Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Clare OReilly
Address	BOND STREET, 15, BOND STREET, ARUNDEL, BN18 9BL
Type of Comment	Objection
Comments	There are zero benefits to a proposal such as this, which would have a devastating impact on the environment, health and well-being. The scale of the construction is monstrous and it has been well documented that people living near incinerators complain of noise, litter, increased vehicle traffic, smells and air pollution.
