Comm	ient for planning application wscc/011/21
Application number	WSCC/011/21

Type of Comment	Objection
Comments	I would like to object to this planning application. West Sussex County Council and Arun District Council have both declared climate emergencies and this completely goes against these. The plume of pollutants will cover a huge area and shower down of residential properties. This incinerator is far too large to be located in such a residential area. People living near incinerators complain of noise, litter, increased vehicle traffic, smells and air pollution. It seems Yapton has a large amount of negative development approved in the area such as vast areas of housing and a new crematorium. This is too much. It also goes against Aruns Local Plan.
