Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	paula williams
Address	TOAD HALL, HORSEMERE GREEN LANE, HORSEMERE GREEN LANE, LITTLEHAMPTON, BN17 5QX
Type of Comment	Objection
Comments	As a Climping resident for over 20 years I must strongly object to this proposal. Even with the reduced size of the second application the scale of the project is totally overdeveloped for this area. The access to the site will completely overwhelm the existing road infrastructure which is already struggling to cope with the volume of traffic, also the pollution caused by the lorries proposing to unload on a daily basis would have a major impact on the air quality in this village At peak times the traffic queues from the A259 roundabout up Church Lane as far as Ford Prison, it will not cope with the proposed vehicle movements
