Comment for planning application WSCC/011/21

Application number

WSCC/011/21

Name

PAULA KAY BLACKBRO

Address

CROPTHORNE DRIVE, 9, CROPTHORNE DRIVE, LITTLEHAMPTON, BN17 5GG

Type of Comment Comments

Objection

I object to the above application on multiply points 1) The number of heavy goods vehicles on the small country roads A259 which are already over crowded and roads a disgrace 2) Noise, traffic and pollution (already suffering with this on the smaller scale) and this site will be 24/7 3) Proximity to residential housing impacting Ford, Climping & Yapton, all village existing will vanish with the increase of traffic and smells 4) Visually this will be seen for miles with buildings and chimneys sticking out into the skyline, this area is seen as an area of natural beauty, not much beauty in smoking chimneys 5) With a great concern on pollution and our environment, this incinerator will be producing noxious and hazardous emissions, causing more pollution with the number of heavy goods vehicles and an eye sore on the landscape For the small coastal village areas this is even worst then the excess building taking place on all green field sites, instead of a green pastures and clean sea area we will be an industrial town with multiply housing developments, smoking chimneys and a smell that is not welcoming. This is being built in the wrong place and the wrong type of process for dealing with waste.
