Comn	nent for planning application WSCC/011/21
Application number	WSCC/011/21
Name	Marian Stevenson
Address	48 Tarrant Street, Arundel BN189DN
Type of Comment	Objection
Comments	I object on the following grounds:- 1/ Harmful to air quality 2/ No need in this area for more incinerators - money should be spent sponsoring recycling 3/ Visual impact - with the threat of the upgrade of the A27 and this proposed incinerator, we will see the end of the beauty of the Arun Valley 4/ Increased heavy traffic is not supportable. This area suffers from too much traffic already. 5/ Post pandemic, is this really "building back better"? I think not.
