## Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 Philip Meredith
Address	9A, PRIORY ROAD, PRIORY ROAD, ARUNDEL, BN18 9EJ
Type of Comment	Objection
Comments	The visual impact of this structure will be huge. A true Blott on the Landscape. There is no need for another incinerator in West Sussex. Such a process discouraged recycling. Incineration is not "green". It's emissions are harmful. The local road, the Ford Rd, is already far too busy and congested, particularly by HGV movements at the Arundel end. Their drivers flout the advisory signs telling them the road is unsuitable for such units. Their speed, weight , and noise are a daily menace to us who live on or adjacent to the road. AND there is a planning application in from the Duke of Norfolk for new houses etc at the Ford Lane junction. The infrastructure simply will not cope.
