Comments	<input type="text" value="I must object to a proposed new incinerator at Ford my concerns are the amount of lorries using small roads like Ford road which will be the quickest route from the A27 this road is allready a rat run for lorries causing nothing but chaos!. I don't believe there is a need for a new incinerator which will produce harmful gases to both the environment and local people , we need better schools , surgeries and more infrastructure before a monstrous incinerator is built !! Yours faithfully mr and Mrs C Mead"/>
