Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	Alison Marston
Address	1 RUFF COTTAGES, CHICHESTER, PO20 2DP
Type of Comment	Objection
Comments	Please consider how this will affect the local countryside and surrounding areas. Our area surrounds the South Downs National Park and as such should be protected. Not only is this proposed incinerator a visual pollutant it will have an impact on the biodiversity of the surrounding area and health and well being of those people with a direct view of the proposed plan. Vehicle movements to and from the incinerator will increase traffic on already busy roads.
