Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 David Farrer-Brown
Address	Sandfield House,Lyminster Road,Littlehampton. West Sussex
Type of Comment	Objection
Comments	1/ This new application is still overlarge, obtrusive and unwelcome in our coastal plain area. 2/ It will still generate atmospheric pollution which will affect our local communities. 3/The local road network is still unsuited to constant movement, by HGV, of large quantities of waste from outside our area. 4/ A general comment about the planning process. It annoys me to see repeated planning applications being made for a facility which, quite clearly, is not wanted by the local community. One notices large, commercial interests with dedicated planning and legal departments which batter away at our Planning Authorities until eventually we, the people , have foisted on us something which none of us want. This does not seem to me to be a democratic process and it annoys me.
