Name	<input type="text" value="Susanne Hague"/>
Address	<input type="text" value="M G Barn High Street Oving Chichester PO20 2DD"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="This application is old technology does not have scrubbers on it, would be visually dominant not only in a large circle around it stretching nearly as far as Chichester but dominant in views from The Downs National Park. It is lower than the earlier application with only one chimney but even more environmentally damaging which is outrageous as a concept showing disregard for people's health.
