## Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 Phyllis Kirk
Address	PENFOLDS PLACE, 15, PENFOLDS PLACE, ARUNDEL, BN18 9SA
Type of Comment	Objection
Comments	We do not want a structure of this size with huge towers on the edge of the South Downs Park, neither do we want more incinerators. We objected to the previous planning application and apart from moving a few buildings around nothing has changed. The proposed towers are far too high and when working the plume of steam will be 400m high and visible for miles, plus the production of CO2 goes against all efforts to reduce emissions effecting Climate Change, among these emissions are matters that are harmful to human health. There would also be an increase in HGV's on roads that are totally inadequate. This application should be refused.
