Comments	I strongly object to this absolute MONSTROSITY, this will bring loads more traffic on our already congested and overused roads, which is more pollution to a ONCE RURAL area, it's bad enough 20,000 houses have been built in the area and no thought for road infrastructure, to build this on top of it with all the traffic and the fumes from the incinerator that would be unbearable, not to mention the detriment to people Health this could potentially cause, there has already been approval for something similar in Horsham, why do we need another one so close to that?? To answer that we DONT
