Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 Gill Bower
Address	COVE ROAD, 16, COVE ROAD, LITTLEHAMPTON, BN16 2QW
Type of Comment	Objection
Comments	I am extremely concerned about particulate emissions created by the incineration and other gaseous pollutants all affecting a very density populated coastal strip. This is not an environmentally sound way of dealing with waste. There will also be an inevitable increase in traffic along already very congested roads. This is a very backward step. I'm sure there were restrictions on the siting of incinerators near housing not so long ago. The Arun valley as a green corridor for wildlife is hugely threatened by this on top of all the other development. I have begun to despair
