## Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 Martin Townsend
Address	6 Northwood View, Yapton, BN18 0GF
Type of Comment	Objection
Comments	I wish to object to this proposed development. Having lived within five miles of a similar facility in the past I feel the disruption caused would be unacceptable so close to a residential area. Residents were reassured at my last address that there would be no smells or disruption however this was not the case by any means. The smells created on occasion were terrible. I also feel increasing the amount of traffic (which will increase substantially with other new developments) will also cause unacceptable disruption and emissions. Finally this development would have a hugely detrimental impact on character and vistas currently enjoyed by visitors and residents alike. I do believe such facilities are required but they should be placed well away from residential areas.
