Comment for planning application wscc/011/21	
Application number	WSCC/011/21
Name	Filipe Worsdell
Address	KING STREET, 14, KING STREET, ARUNDEL, BN18 9BW
Type of Comment	Objection
Comments	I wholly reject the proposal of a waste sorting and incinerating facility for industrial waste (amongst other refuse) being constructed so close to the South Down National Park, the historic town of Arundel and next to existing and planned homes of current and future generations of the Arundel community. Efforts to address local and environmental concerns will not be achieved by concentrating waste disposal and treatment within an area of high population. Transport and communication will only be made worse for the Arun Valley with the associated increase in heavy vehicle movement to and from the proposed site. I reaffirm my objection to the proposal.
