Type of Comment	Objection
Comments	I strongly object to the proposal of this massive incinerator. At a time when we are all being asked to take steps to slow down or stop global warming this seems foolhardy! As I live in Westergate and teach at Aldingbourne Primary School we have already had to endure years of a foul smelling tip nearby and the huge lorries which accompany such activities. As a parent and grandparent of children in Barnham, I am horrified at the potential air pollution in the area from this plan. How can the council expect individuals to be responsible about green issues when they propose huge environmental travesties like this? I am absolutely horrified and will be spreading the word locally to stop this plan and consider it highly irresponsible that it has even got this far!
