Comment for planning application wscc/011/21	
Application number	WSCC/011/21
Name	Louise Chaston
Address	MALTRAVERS STREET, 39, MALTRAVERS STREET, ARUNDEL, BN18 9BU
Type of Comment	Objection
Comments	The revised application planned to be built is vastly out of keeping with the rural setting, will be seen from far and wide, have an impact from Chichester to Worthing and is only a few miles from us! The Building is 40m tall, the Two Stacks are 85m high and the Plume of Steam and Particulate is an additional 50 to 100m. This means that this Incinerator and its visible Plume will be as tall and as visible as the Spinnaker Tower. When it is at its highest the Plume will be 400m high so nearly half a kilometre high and taller than the Empire state building.
