Comn	nent for planning application WSCC/011/21
Application number	WSCC/011/21
Name	Jane Somner
Address	32 SKYLARK WAY, BARNHAM PO22 0FA
Type of Comment	Objection
Comments	I believe that this construction is totally inappropriate for the area in which it is intended. It is to be sited in to close a proximity to both existing dwellings as well as the planned build of significant numbers of new homes (and school) in this location. The waste sorting element of intended use is of particular concern as the resulting hazardous fumes etc which will be a bi-product of the waste being sorted will create health and safety issues which are not currently a problem without this operation. The increased operation of heavy goods vehicles will also have a significant impact on the local and wider community. On this basis I object to the planned change of use.
