| Application number | WSCC/011/21  |
| Name               | Alex Bradley   |
| Address            | MILL VIEW ROAD, 12, MILL VIEW ROAD, ARUNDEL, BN18 0JL  |
| Type of<br>Comment | Objection  |
| Comments           | The building proposed is completely out of character for the area. An absolute monstrosity. This is a RURAL area and the local residents should be respected and should be able to look out of their windows without seeing a towering chimney bellowing fumes into the atmosphere, causing more pollution than ever. The road network would not support the sharp increase in traffic that will inevitably happen as a result of this overly dramatic expansion proposal. Why can't Grundon Waste Management propose to build this same structure on a site directly off of the A27, where access is better for West Sussex and neighbouring counties. Please ADC, I beg and plead for someone, anyone, to hear the many voices and listen to them clearly. |
