## Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Cristina Dumitrescu
Address	DOUGLAS CLOSE, 5, DOUGLAS CLOSE, ARUNDEL, BN18 0TG
Type of Comment	Objection
Comments	I am objecting to this planned proposal to build this incinerator, for the following reasons: It would have a visual impact on this quiet countryside area, the South Downs National Park, Schedule Ancient Monuments, Grade 1 listed buildings and Sites of Special Scientific Interests. This area was planning to build new houses and schools which are incompatible with the incinerator. We do not need any more incinerators in this area, they harm recycling and will damage the climate and environment. The incinerator would not be green energy. There are people who live around here and the emissions would harm both human health and the natural environment. Emissions that include dioxins, NOx and ultra fine particulate matter. This will also harm the wildlife around the area, and by building this incinerator it will destroy a lot of animals homes. This area also cannot afford to have so much traffic and big lorries on the local roads, they cannot cope with the size and weight of the HGV movements being proposed.
