Comn	ient for planning application wSCC/011/21
Application number	WSCC/011/21
Name	Clare John
Address	NAVIGATION DRIVE, 66, NAVIGATION DRIVE, ARUNDEL, BN18 0FS
Type of Comment	Objection
Comments	I am objecting to the proposed Ford Incinerator on the basis that: a) It's output would be counter to the Governments targets on reducing Greenhouse Gases. b) It would be counter to the Government and local targets on increasing recycling. c) There is no obvious provision/intent to minimise harmful emissions by installing available control technology. d) There is no information on installing modern control technology which could reduce the stack hight. e) There is no information on why rail services (via Ford) could not be used to replace/eliminate road transport to the site. f) There are no published plans to use the waste heat generated for the benefit of local industry or population. g) There are no published plans to seek arrangements with local growers to use clean carbon dioxide to increase yields. h) There are no published plans to seek arrangements with local growers to use electricity to extend growing hours.
