Comment for planning application wSCC/011/21	
Application number	WSCC/011/21
Name	Jane Noble
Address	WHITE COTTAGE, ARUNDEL, BN18 9QU
Type of Comment	Objection
Comments	I object to this application for several reasons, the main one being the potential harm to the environment and adverse effect on climate change that would be caused by the emissions from this old technology, which could seriously damage air quality and the health of the local human and wildlife/plant population. I believe the area has sufficient incineration sites already and expanding recycling provision would be preferable to further incineration. Local infrastructure and development, particularly current roads and Arun District Council's proposed new settlement with a primary and secondary school, would be adversely affected, the former not being able to cope with the increased and heavier traffic, the latter perhaps not being deliverable. There are also issues concerning poor design, inadequate monitoring, enforcement and transparency.
