Comments	<input type="text" value="I object due to the pollution this will cause, having a negative effect on local people's health. It will increase carbon emissions that the council is supposed to be reducing. It will be an eye sore, such a big building will be seen for miles. The local area is already struggling with huge increase of traffic in the area due to recent housing developments and an extra few hundred lorries on the road will add to the congestion."/>
