Comm	nent for planning application wSCC/011/21
Application number	WSCC/011/21
Name	Ray Spiers
Address	PARK DRIVE, 1, PARK DRIVE, ARUNDEL, BN18 0JF
Type of Comment	Objection
Comments	I object to this proposed planning application on the grounds of: 1) The structure is definitely not in keeping with the area and will be an awful eyesore. 2) The roads in the area will not be suitable for the constant lorries travelling to and from the site, especially with all the extra traffic being generated by all the new builds in the surrounding area. 3) The constant pollution from the discharge stack will be detrimental to the environment. 4) The discharge will be damaging to health as shown in the Panorama programme. 5) The effect on wild life could be devastating. 6) There will be an unwelcome amount of noise pollution for nearby residents. One should not take chances with human life, be it from the dangerous fumes or accidents on the roads, which will happen at some stage especially as it is a cycle route without a cycle path.
