Type of Comment	Objection
Comments	Dear Sir This project will cause pollution from incineration, which will unacceptably damage air quality, especially in an area of housing development Local roads are not built to take large HGVs, which will be required to build and support any such development. These vehicles will also add to air pollution, traffic problems, and additional road maintenance cost. The visual impact would be considerable, affecting the South Downs National Park, and SSSIs of the area. Yours faithfully M Ballard
