Comm	ient for plaining application wscc/011/21
Application number	WSCC/011/21
Name	John Williams
Address	1 OLD POOR HOUSE COTTAGES, MOUNT PLEASANT, MOUNT PLEASANT, ARUNDEL, BN18 9BD
Type of Comment	Objection
Comments	As a permanent Arundel resident, I strongly object to this planning proposal on grounds of air pollution, and the inevitable demands on the local road infrastructure from the proposed commercial and industrial waste disposal at this site. The additional waste transport will have a major and deleterious impact on current and future residential development in the area, and on the local roads, principally the A259 and Ford Road. Recycling and waste disposal infrastructure is absolutely necessary to meet 'green' objectives, but I am strongly opposed to Incineration as a solution to waste disposal and energy generation because it does not reduce toxic gases and particulates which are a clear health hazard, or greenhouse gases critical to climate control targets.
