Comments	This incinerator will be a barrier to recycling. It is not a "green" option - it will harm air quality in the area. Our- local roads cannot cope with the movement of HGV lorries that will need to access the site. This incinerator will result in a a 77% increase. Ford Road is already overwhelmed. It will destroy the Arun valley, where the last visual gap of natural landscape still exists between Bognor and Brighton. It is frankly a ludicrous idea and should not be allowed to go ahead.
