Comment for planning application wscc/011/21	
Application number	WSCC/011/21
Name	Dr Richard Paterson
Address	TORTON HILL ROAD, 6, TORTON HILL ROAD, ARUNDEL, BN18 9HE
Type of Comment	Objection
Comments	We strongly object to the proposal to site this facility in this location . The additional HGV movements would be a sever strain on an already stretched road infrastructure around Arundel . We understand that this extra traffic would largely impact the Ford Road which already frequently gets blocked and grid locked by large vehicles- the road can barely cope with the conventional car traffic that goes up and down this road . The additional traffic air pollution and noise would have an adverse effect on the health and well-being of those residents that live along this road ,in particular those that have pre existing respiratory conditions . Given the plan to site large number of new houses within the locality it doesn't . Are any sense to position this kind of facility anywhere near these new developments .
