Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	Holly O'Neill
Address	5 COUNCIL COTTAGES, ARUNDEL, BN18 9RF
Type of Comment	Objection
Comments	It is simply not required. We should be investing in greener methods to secure our future for many years to come. We should not be investing in old fashioned methods which not only harm the environment but have an impact on locals. What WE need infrastructure, schools, community centres, new roads, resurfaced roads, health care workers, hospitals, doctors surgery's, dental practices. Stop wasting valuable resources and money on projects such as this and for once actually consider the residents and what the community truly needs. West Sussex is popular because of its natural landscapes, because it is a pleasant place to be. Stop spoiling it. Stop investing in things that will be dormant in times to come. Invest in OUR future. Invest better. Work smarter not harder.
