

# Comment for planning application WSCC/011/21

Application number	<input type="text" value="WSCC/011/21"/>
Name	<input type="text" value="Jason Tippen"/>
Address	<input type="text" value="THE TOWPATH, 7, THE TOWPATH, ARUNDEL, BN18 0FW"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="Visual Impact: TWO 28 storey towers affect; South Downs National Park, schedule Ancient Monuments, Grade 1 Listed buildings and sites of special scientific interest New Houses or Incinerator: Incinerator of planned size risks deliverability of one of Arun District Councils key strategic sites for a new settlement of a primary and secondary school with village centre and 1500 houses. The new housing strategy was supported at a local referendum. No Local need for more incinerators &amp; they harm recycling: West Sussex already has enough incineration sites with permission to meet its needs. Incineration is a barrier to circular economy (recycling) and is a health hazard to local residents. especially those with respiratory illnesses, which is far more common due to Covid-19 long lasting symptoms. Not Green Energy: Incineration is very inefficient and damaging method of generating energy because of its effect on climate change. Emissions include Dioxins, NOx and ultrafine particle matter that can be harmful to both human health and natural environment. There is not enough monitoring, enforcement or transparency. Road infrastructure - Big Lorries: The local roads cannot cope with size and weight of HGV movements being proposed. The existing roads cannot cope with the increased number of HGV's required for current developments, and certainly wont cope with A259 works, A27 and A29 improvement works planned already. Skyline and natural area: The area is a tourist attraction, building an eyesore of a waste incineration plant will drive tourism away and impact on the income of thousands of residents who work in tourism, hospitality and outdoor activities. Unless the local authority wish to plug and finance that gap, then its an unnecessary and unwelcome plan."/>
