Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 Karen Clarke
Address	ST. MARYS MEADOW, 5, ST. MARYS MEADOW, ARUNDEL, BN18 0EE
Type of Comment	Objection
Comments	It is inconceivable that as the world reaches a tipping point on climate change, this proposed monstrosity has raised its ugly head again. Producing more CO2 than coal, this building would have a catastrophic effect on the air we breathe, the wildlife that is prevalent in this area, and the mental health of thousands of local residents. With the new houses that are being constructed in Ford Lane now as well as the planned new settlement for a new primary and secondary school, with village centre and 1,500 more houses; we absolutely cannot continue to destroy our green space. We must start to love the world we live in and use lower carbon energy alternatives rather than what is going to make those in charge the most money; at the detriment of the air us local residents breathe.
