Comments	FORD GREENWAY - Repurposing the OLD Ford to Hunston Canal by creating an all purpose multi user path Despite the business sector of the applicant (waste recyling) it is really disappointing that they have failed to protect and support the Old canals route being converted to an all user path thereby supporting the Active Travel / Climate Change / Well Being. It would seem that there is little or no consideration being given to this historic site (Old Canal / Canal Bridge/ WW2 Airfield OR to helping the Community with Active Travel routes
