Comments	This monstrosity has got to be stopped, it would be detrimental to the area and for miles and miles around it. The downs and surrounding areas are enjoyed by thousands of people each year and to build something on that scale would destroy the area forever. Not only that, it's encroaching on the natural habitat for wildlife once again. The pollution levels would be completely unacceptable and not only from the plant, but from all the lorries using it as well. The roads are not designed for the increase in traffic and will become very congested and dangerous. We do not want this built on our doorstep.
