Comn	nent for planning application wSCC/011/21
Application number	WSCC/011/21
Name	David Arthur Madge
Address	TIMBERLEYS, 149, TIMBERLEYS, LITTLEHAMPTON, BN17 6QD
Type of Comment	Objection
Comments	There is an existing permission on the site for a much smaller and more advanced technology gasification plant that would not have the impact that this proposal has. It would create the same amount of jobs. This enormous building (40m) its 2 towers (85m) and the visible plume 50-100m on top of the towers will have a negative effect on the whole area. It will be as visible as the Spinnaker tower set in the only undeveloped stretch of coastline between Bognor and Brighton.
