Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	GARY LEE CROSSLEY
Address	WEST FRONT ROAD, 109, WEST FRONT ROAD, BOGNOR REGIS, PO21 4TB
Type of Comment	Objection
Comments	I object strongly to this Application (WSCC/011/21) for the following reasons. 1. The negative visual impact the incinerator will have on the area. 2. The extra HGV traffic using the local road system. 3.

impact the incinerator will have on the area. 2. The extra HGV traffic using the local road system. 3. Concerns regarding its location close to one of Arun District Council's key strategic sites for development of a new settlement with schools and 1500 houses. 4. And most importantly, the environmental impact and also the impact on human health caused by the resulting emissions. Are we not supposed to be working to reduce emissions, not increase them?
