Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	Daniel McNamara
Address	FLANSHAM PARK, 72, FLANSHAM PARK, BOGNOR REGIS, PO22 6RD
Type of Comment	Objection
Comments	Visual impact: the prosed height is far taller than anything in the area. It will spoil the few places we have left in the area that are not built upon. No need for more incinerators: these are a barrier to higher levels of recycling. Will cause pollution: Emissions incl dioxins, NOx, and ultrafine particular matter. HGV traffic on roads not designed for these vehicles: the 2 roads serving the airbase are not suitable for the current level of traffic, further HGV's will make the situation worse.
