Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Carole Anne Raydon
Address	45 The Estuary
Type of Comment	Objection
Comments	Will be a danger to health because of pollution that will emit. It should not be in an area so close to a growing housing and population growth area. The existing road infrastructure barely copes with traffic as it is without all the extra traffic that will occur. It will destroy the beauty of the countryside and views
