Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Alan Broughton
Address	Elm Barn, Main Road, Yapton. BN18 0DX
Type of Comment	Objection
Comments	At the end of July 2021 there will be new government legislation on incineration, so I am asking that the decision be delayed until this new legislation has been passed, in the hope that it will give greater protection from the toxins and other harmful effects of the incinerator. THE INFORMATION CONTAINED IN MY ATTACHMENT HAS BEEN TAKEN DIRECTLY FROM THE DEFRA WEB SITE. DEFRA states that when considering the planning implications of an incineration facility these issues will need to be considered and are common to most waste management facilities. Plant/Facility Siting; Traffic; Air Emissions / Health Effects; Dust / Odour; Flies, Vermin and Birds; Noise; Litter; Water Resources; Design Principles and Visual Intrusion; Size and Landtake; Public Concern; THIS IS ESPECIALLY IMPORTANT AS ARUN PLANNING ARE SIMULTANEOUSLY TRYING TO BUILD 1,500 HOUSES AND 2 SCHOOLS IN THE SAME AREA AS THE INCINERATOR. What is going on? West Sussex County Council should not even be considering this facility when there are so many houses that have already been built, being built or have permission to be built in this area.
