Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Tom Tuppen
Address	WEPHAM FARM STABLES, ARUNDEL, BN18 9RQ
Type of Comment	Objection
Comments	The proposed development will irretrievably damage air quality in the area as well as the character of the local landscape through both visual and traffic impact. This will adversely affect the quality of life for my family, including three young children, who will all be living directly downwind of the incinerator. Please do not proceed.
