Comm	ient for planning application wscc/011/21
Application number	WSCC/011/21
Name	Mark Robinson
Address	RIVER ROAD, 34, RIVER ROAD, LITTLEHAMPTON, BN17 5BZ
Type of Comment	Objection
Comments	This huge rubbish incinerator will affect the precious local environment of the Arun Valley, one of the few areas of undeveloped land along the Sussex coast. It's fallout of fumes will blight local communities of Arundel, Ford and Yapton and Littlehampton depending on wind direction. The existing local roads that will see a huge increase in the number of HGVs needed to feed the incinerator are not fit for purpose. I would like to object to this plan, as working in Arundel and living in Littlehampton I have great respect for the countryside around me and worry this incinerator will have long lasting detrimental consequences to the unique character of the Arun Valley.
