Collin	ient for planning application wscc/011/21
Application number	WSCC/011/21
Name	Stuart G. Roberts
Address	7 NURSERY COTTAGES, BARNHAM LANE, BARNHAM LANE, BOGNOR REGIS, PO22 0JJ
Type of Comment	Objection
Comments	Another incinerator like that of Newhaven and other towns is being imposed on residents by people outside the area. This is not the most efficient, effective or ecological way of disposing of waste. The only people believing this are those wishing to build it and councils who don't want it in their area. Think again, we have moved o since these were first conceived. It will put a block on tourist wanting to use the sea and river for recreation and this is supposed to be an area being prepared for a lot of new homes / new town. Who will want to buy them?
