Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 Wendy Pritchard
Address	34 Kirdford Road, Arundel
Type of Comment	Objection
Comments	I am a resident in Arundel and strongly object to this proposterous and horrendous suggestion of building this grotesque rubbish incincerator. It will be a unsightly monstrosity and will bring a huge amount more traffic and huge HGV lorries onto our already overloaded roads. Our roads are not suited for this extra traffic. Is no one concerned about climate change? Emissions form this incinerator will be harmful to human welfare and the environment. The South coast is rapidly becoming one huge housing estate with no green space between all our lovely towns and villages. To build an incinerator so close to homes is totally irresponsible. Apart from all the above, this monstrosity will be an absolute eye sore and will be seen for miles around. I seriously ask you to refuse this planning application for the health of the residents, environment and what we have left of our beautiful county.
