Comment for planning application wSCC/011/21	
Application number	WSCC/011/21
Name	Glen Tomkins
Address	97 WEPHAM GREEN, ARUNDEL, BN18 9RB
Type of Comment	Objection
Comments	I have a very strong objection to this proposed rubbish incinerator. I regulary drive to ford for work and the road already cannot cope with the current amount of traffic and this would definitely be made worse by this incinerator. I have huge concerns how this would affect the air quality locally as my wife suffers with respiratory problems. We chose to live in an an area of beauty and feel this building would spoil this for us and all who live in this area and the thousand of visitors who visit annually. Finally I know if wanted to erect even a small building that could have any visual impact on other local residents this would be made almost impossible to get through planning
