Subject: Objection to Arun valley rubbish incinerator
Date: 11 May 2021 09:31:51

I would like to object strongly to the building of the incinerator at for
The sheer size of the building is incompatible to the area out beauty that is the Arun valley
I am concerned over the pollution that this would cause in the area
As a regular user of the ford /Arundel road any increase in traffic especially at the Arundel
roundabout would cause chaos.

Regards
