Subject: Planning Application WSCC/011/21 - Arun Valley Rubbish Incinerator
Date: 11 May 2021 11:45:13

Dear Sir/Madam

I am writing to object to the above Planning Application. The proposed Incinerator would not only be a blot on the landscape but a danger to the health of the local community due to its carbon emissions.

This Application appears to be in direct contrast to the Government's proposals to reduce our carbon impact, introduce greener technologies and head towards a carbon neutral society.

Such a structure in a rural area is totally inappropriate and would destroy the Arun Valley setting of Arundel, the surrounding villages and the South Downs National Park.

Our local roads are already accommodating far more traffic than they were intended for and are unsuitable for heavy vehicles, which would increase if this Planning Application were to be approved.

I hope your Council agrees with this and refuses planning permission.

Yours faithfully

Theresa Derekis (Mrs)
