

Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	clare meynell
Address	BROOMFIELD, LOCK LANE, LOCK LANE, CHICHESTER, PO20 7BA
Type of Comment	Objection
Comments	Please understand the effect of the carbon emission of this new incinerator tower. Why build this when it is the most polluting of all incinerations and there is a gasification plant application which does the same job with much less CO2 effect on climate change and the local inhabitants? I strongly object to this application. PLEASE THINK AGAIN. .
