Type of Comment	Objection
Comments	I strongly object to this monstrosity of a development It will look awful, it will emit fumes (which we I personally can't believe it will guaranteed as safeor indeed not smell, every corporation seems to lie) It will bring even more congestion to the whole area, which we have simply not the infrastructure to cope with (Crossbush intersection is a nightmare as it is) This development is totally in the wrong place and it quite frankly beggars belief it's being considered I consider it totally diabolical
