Comm	nent for planning application wSCC/011/21
Application number	WSCC/011/21
Name	Graham Irwin
Address	7 Batworth Park House BN18 9PG
Type of Comment	Objection
Comments	This is the proposal: Proposal: Demolition of existing buildings and structures and construction and operation of an energy recovery facility and a waste sorting and transfer facility for treatment of municipal, commercial and industrial wastes, including ancillary buildings, structures, parking, hardstanding, and landscape works To build such a facility in the most glorious & picturesque part of England; the South Downs area is preposterous and a typical example of slowly eroding our countryside and heritage (what's left of it!) The smoke stack is due to be as tall as the spires of Chichester Cathedral - how can this be an "answer" to the proposed erection of such a place This proposal MUST be stopped and alternative methods for the purpose of such a facility rethought
