Comments	What an eyesore this proposed monstrosity would be in an area of outstanding beauty. There is already enough activity going on with all the extra housing being built in this area. People would have never purchased a property in this area if they had been informed that this had been a possibility on top of all the proposed extra properties / extra traffic & will devalue property prices. Please reconsider building this in an area where the skyline will not be so dramatically and hideously affected. I was considering moving to this area but these proposals have put me off and no doubt any others looking at these plans.
