Application number	WSCC/011/21
Name	Vicki Townsend
Address	Northwood View Yapton
Type of Comment	Objection
Comments	Reasons I object are Visual impact what an eye sore it would be! Out of character too for a "village"!! Close to a school (proposal) not a healthy decision! Don't "need" any more incinerators, there are plenty enough in West Sussex already!! Incinerators affect climate change AND the emissions are extremely harmful to both human and natural environment!! More HGV's on the already busy roads around and through the villages of Ford and Yapton will increase air pollution & the roads can't cope with even more traffic!! BAD IDEA! Please reject this proposal!!
